## 'Our 3 Houses"

Forging a path for the future of Trinity U.C.

WHY WE GATHER: We gather to grow in our lives and faith.

Trinity U.C is the 'house we live in' as we do this together.

It's where we rest, feed our souls, and grow together as a family.

We gather in our house so that we can go out from our house and be a blessing to our neighbours.

WHO WE ARE: We are a people of faith who are called to:

Investing in our grandparent relationship with The Hub.

We seek to provide a foundation to form new relationships and pass on what we have been blessed with and what we leave as our witness to young people as they shape the future

Join together to worship, care for, and support each other and those around us and grow in discipleship.

We approach discipleship as action and contemplation that positively impacts the earth and people around us

How Trinity supports the city:
Investing in building a better
city and world around us. We
seek to support the specific
areas of affordable housing,
support of young people and
families, and environmental
initiative to name a few
